Please have proof of funds before you request a showing.. Remax and its agents recommend that a new survey be completed in conjunction with every transaction. Without a new survey or re-staking of the property by a licensed surveyor it is not possible to verify that the existing pins/marks are accurate nor whether there are encroachments or setback violations. It is recommended that sellers do not indicate that any existing stakes are in their true location. Land is ag and currently in ag program with reduced taxes. . No K1 or K2 by seller offered. A K2 was completed where random fencing shows not accurate and will need to be reset. Beautiful pasture land just awaits the right buyer to enjoy cool climate and serenity of privacy. There is fencing that needs to be put in place it belongs to the 10 acres lots of t post and fence existing.
