One of three side by side amazing properties listed For Sale. Each property is listed separately. Seller will give buyer of middle property with the home (see MLS 719194) to first right to purchase adjacent lots. The properties are in Kalapana Seaview Estates at the end of a quiet street bordering large acreage. Here you will be cooled by fresh, flower-scented breezes, hear the sounds of the sea and watch the sun and moon rise over the ocean!
This property is 7,750 sqft in size and is primarily jungle with some ornamental and fruiting plants along the Northern edge. The seller intentionally kept it this way to maintain her privacy at her home.

The property is a short walk to the ocean where you will find one of the few year-round black sand beaches on the windward side of the island. You will be able to swim and enjoy the beautiful blue Pacific Ocean where sea turtles and dolphins are often spotted. Beautiful community parks in the subdivision with the main park offering stunning coastal views.
Kalapana Seaview is a small coastal community located on the
