kitchen: stainless steel double sinks, ample cabinets, drawers, storage

main living area: very spacious w/dining area that flows into living room, 3 cute chandeliers

Large office or could be a bedroom off the living room

Bedrooms - 2 with 1 master suite (full bath) & another in extension w/ full bath

Extension - up a small flight of stairs w/large storage area or 6th bedroom, full bath, and large living area (could be a recreation/play room for children or another bed room), separate entrance from exterior.

Laundry room - with full bath (shower), washer and drier (not sure if operable, old)

2 storage rooms outside - one off lower carport and one next to laundry room, storage shed in yard (rusty)

attractively-landscaped yard: fruit trees (banana, orange, lime)

House has great potential but needs a little work. . . . extension's flooring was removed because of age, needs new floors.
