The 864 sq. ft. home is fully functional with an attached two-car garage and a large 12,000-gallon catchment water tank. With some updating, this cozy residence could easily be refreshed to bring back its sparkle and charm.

Two additional lots (TMKs 3-9-2-29-46 and 3-9-2-29-47) are included, giving you the option to sell separately or build another home and ohana on each parcel—a rare opportunity for a family compound or investment property in this private setting.
