HAWAIIAN ACRES, Mountain View, HI

Beautiful 6-Acre Property with Dual TMKs 3-1-6-18-10 and 11. Don't miss this unique opportunity to own 6 acres across two TMKs – a perfect blend of privacy, space, and potential. With approximately 300 feet of frontage, the property welcomes you through a double-gated entrance and a long 200-foot driveway that leads to a large cleared area spanning both parcels. The cleared area, about 150 feet wide by 200 feet deep, has been fully covered with cinder – an ideal foundation for future landscaping or development. A house pad has already been prepped with rock and cinder, saving you time and effort in planning your build. There's also a newly installed, never-used capped cesspool ready for connection. And there is an additional path that continues past the cleared section to the back of the property. All four corner pins are marked, making it easy to see the true boundaries of this well-prepared acreage. There are 3 pins visible in the front one for each corner and one between the lots. Whether you're looking to build, invest, or create a private retreat, this property is ready for your vision to come to life.
