

\$4,174,000 - Haniu St 4b, Lahaina

MLS® #405971

\$4,174,000

3 Bedroom, 3.00 Bathroom, 1,500 sqft
Residential on 25.20 Acres

Makila Ranches Phase I, Lahaina, HI

Experience breathtaking panoramic ocean views and year-round sunsets from this new construction cottage in the highly sought-after Launiupoko community. Situated on 7 acres, this single-level residence will be meticulously crafted by Imagine-It Builders, one of Maui's most respected custom home builders, and will feature the finest quality finishes throughout. This is one of four new homes available, all sharing the same thoughtfully designed floor plan but offering a unique combination of lot size (ranging from 1 to 7.5 acres), view orientation, and finishes. An optional detached cabana with a bathroom, outdoor shower, and covered lanai may also be added. Designed for modern island living, the layout includes 3 bedrooms and 3 bathrooms with seamless transitions between interior and exterior spaces. Throughout the home, you'll find porcelain tile flooring, 8' interior doors, and 10' ceilings. Each bedroom includes a walk-in closet and its own private covered lanai. A pocketing wall of glass doors opens the vaulted great room to an expansive covered lanai with a motorized sun shade for added comfort and privacy. The kitchen will include custom cabinetry, a walk-in pantry, a top-of-the-line appliance package, a large island with seating, and a pass-through window to an outdoor bar. Outdoor features include an ocean view pool and spa, built-in BBQ area, outdoor showers, a pool toy storage closet, and direct access to a restroom. With over 3,500 sq ft under roof, this

home offers generous space for entertaining, relaxation, and everyday comfort. Additional features include central air conditioning, ceiling fans in all bedrooms and the great room, a dedicated laundry area with storage cabinetry, and an oversized 3-car garage (990 sq ft) with EV outlet. Exterior highlights include a stucco finish, standing seam metal roof, private gated entry, and tropical landscaping with fruit trees and a fully installed irrigation system. Private water and septic system in place. Early buyers have a rare opportunity to choose finishes and work with the design team to create the island home of their dreams, or simply select from one of the beautifully curated designs planned for each property. Choose the lot that best suits your vision, and weâ€™ll take it from there. Note: This property is designated for the cottage (1,500 sq ft interior) within a 3-unit CPR. Unit C, designated for agricultural use, may also be available for purchase in conjunction with Unit B, providing an opportunity to expand your acreage. Estimated completion by the end of 2026. Renderings and/or images shown are of similar homes previously built by the developer and do not reflect the actual construction, layout, or finishes of this property. Additional design details available upon request.
