What is your definition of Home? Iâ€™ve heard many over the years, but often, "home" is simply the place that feels right for you. Perhaps 11 Lino Place, a quintessential plantation home with modern updates, will be home for you. The original fir floors aren't perfect, but they just feel right as does the lovingly restored 1950â€™s sink console. The open kitchen and living room feature robust exposed beams that you rarely find in construction these days. A previous owner was renowned as one of Maui's finest plasterers. Youâ€™ll discover his artisanship throughout. The recent standing seam metal roof is a perfect complement to the look and feel. The three bedroom, one bath home lives large; its spacious primary bedroom features a walk-in closet and the 3rd bedroom has a neat loft / built-in work area. There are two patios (lanais), one in the front and one in the large, inviting, and beautifully planted back yard. The landscape features ohia, hibiscus, bird of paradise, jacaranda, avocado, night-blooming jasmine and more. The oversized 600 square foot garage has been repurposed for more flexible use. The super convenient location is a short walk to the Pukalani Superette and many other amenities. It's less than 15 minutes to the beach, airport and other Maui necessities. Words don't properly convey the sentiments and comfort this house evokes. So come to 11 Lino Place and see if it fits your definition of home.
