An ocean view architecturally alluring designer home nestled within the lush coastal landscape of Huelo crafted with pure artistry and renovated with a multiplicity of contemporary enhancements. Turn key and absolutely terrific. Rarely does a property reflect such a serene atmosphere of complete openness and total privacy. A large covered parking area facilitates entrance via the skylight porte-cocher'e bridging over a placid koi pond setting the ambience. Inside the threshold of solid African mahogany doors, the central living area sits under a pitch perfect roof line featuring a lava rock fireplace and well appointed office space cleverly concealed by folding exotic hardwood doors separating work from leisure. This spacious 3 bedroom 3 Bath home seamlessly synthesizes nature's beauty by way of an expansive Pelle sliding door system designed with in-glass blinds for adjustable transparency as well as cassetting hideaway screens creating an ideallyic fluency of indoor and outdoor living spaces. To one wing of the home is the primary bedroom, and to the other is the fully remodeled kitchen with a second bedroom/bathroom, and spacious second story guest suite with private lanai (see 3d tour for perspective). Entering the primary bedroom, a built in king size bed sits directly beneath a large skylight with remote shade. Ample dual closet space and plentiful built in shelving is a plus for this balanced and symmetrical suite. Stepping through, another luminous skylight fills the large ensuite

bathroom, showing like an ornate private spa complete with jacuzzi size recessed tub and rain shower. On the opposite wing of the home, the spacious and well appointed kitchen is awaiting culinary creativity... Custom koa cabinetry, marvelous granite countertops, and a large island with built in range oven open to the BBQ area and pond side lanai. With an integrated sound system and plenty of beauty to share, this kitchen is set for entertainment. Enough can't be said about the quality, character, and comfort of this home... From the modern climate control and upgraded state of the art photovoltaic systems, to the private water well, lush tropical landscape, brilliant architecture and thoughtful functionality of the floor plan, it's a myriad to experience.
